BROOKS ANNOUNCES CENTRILOGIC IS DECEMBER BUSINESS OF THE MONTH

Monroe County Executive Maggie Brooks today announced that CentriLogic Inc. has been named Monroe County's "Business of the Month" for December and is featured on Monroe County's website, monroecounty.gov.

"The opening of CentriLogic's U.S. headquarters in Monroe County is another important boost for our local economy, creating more good jobs and bringing additional investment into our community," said Monroe County Executive **Maggie Brooks**. *"Our highly skilled workforce, colleges and universities, and leadership in high-tech industries continue to give us a competitive edge. We were pleased to assist CentriLogic in growing its business in Monroe County and the Greater Rochester region."*

"We selected Rochester for our U.S. headquarters because of the state-of-the-art datacenter facility, its highly skilled workforce, and base of high-tech businesses," said **Robert Offley**, President and CEO of CentriLogic Inc. *"Its proximity to New York, Boston, Philadelphia and other metropolitan areas make it a prime location for our key services such as disaster recovery and application management. Our Rochester location will position CentriLogic to become a leading player among U.S. datacenters and put this region on the map in the fast growing market of stored data services."*

CentriLogic Inc. is a leading provider of outsourced datacenter solutions for organizations that conduct mission-critical business on the Internet. Based in Toronto, the company officially opened its U.S. headquarters in Rochester in September. CentriLogic works to ensure that vital company information remains intact and accessible 24/7, 365 days a year. CentriLogic provides maximum levels of physical and data security, including fire detection and suppression, HVAC, user authentication and video surveillance.

CentriLogic expects to create 48 new jobs in Rochester over the next three years. Monroe County, through COMIDA, provided the company with assistance for the purchase of equipment and building improvements.
